

# SS United States

## *A View From Below*

Join us as we welcome author Bob Sturm; graduate of the United States Merchant Marine Academy, Cadet and veteran Engineer aboard ships of Lykes Brothers, Mississippi Shipping, Socony-Mobile, and United States Lines for a view from below the *SS United States*.

Hear about the day to day operations and the many secrets of design, including some technical data that has never before appeared in publication. Experience an insider's view of the history, construction, and operation of this magnificent vessel.

Sunday, March 1, 2020
